

Social Media Toolkit: December 2022 Website Updates

[Early Edge California](#) and [partners](#) are proud to share the latest update of the [Multilingual Learning Toolkit](#)—and, we can't wait to get it in front of as many educators, administrators, and teacher education faculty as possible in support of P-3 multilingual children.

This social media toolkit provides sample materials you can use to share these new updates with your network. It includes sample messaging, social media posts, images, and contact information.

Thank you for your partnership and support!

SAMPLE MESSAGE

NEW! Multilingual Learning Toolkit Updates

As the [Multilingual Learning Toolkit](#) website continues to grow and evolve, [Early Edge California](#) and [partners](#) have heard feedback from the field on needing additional functionality to support an easier search and access to resources—especially since it now has **over 400 resources (videos, sample lesson plans, templates, and more) on the website.**

Based on this practitioner feedback, they introduced the newest feature on the Multilingual Learning Toolkit: An **updated search function** so that you can more easily filter and access resources. To begin, click on [Resource Search](#) in the top-level navigation or in the dropdown menu bar. You can use the filters to sort resources by age range, resource type, instructional topic area, and language. They have a similar **updated search function** for the Spanish resources—click on [En Español](#) in the top-level navigation or in the dropdown menu bar to access.

Stay informed about new updates to the Toolkit by [subscribing to the mailing list](#).

SAMPLE SOCIAL MEDIA POSTS

Use the branded hashtag **#MLToolkit** in your posts and tag **Early Edge California** so we can get notified and reshare your posts.

1. **NEW! Multilingual Learning Toolkit Updates:**

Facebook/LinkedIn:

Our partners at **[TAG: Early Edge California]** have developed an exciting NEW feature on the Multilingual Learning Toolkit website based on feedback from the field. Based on this practitioner feedback, they introduced an updated search function so that you can more easily filter and access the 400+ resources (videos, sample lesson plans, templates, and more!) on the #MLToolkit website: <https://www.multilingualllearningtoolkit.org/>.

You can use the filters to sort resources by age range, resource type, instructional topic area, and language.

 To begin, click on “Resource Search” in the navigation: <https://www.multilingualllearningtoolkit.org/resource-search/>

🔍 There is a similar updated search function for the Spanish resources—click on “En Español” in the navigation: <https://www.multilinguallearningtoolkit.org/recursos-en-espanol/>
